Safe passing distance is the LAW, A.R.S. 28-735

The Safety Ride grew out of a tragic accident that Winston Benson had approximately 13 years ago. Many accidents happen each year, like this. The Coalition of Arizona Bicyclists is an organization dedicated to the continued Education of Bicyclists, Motorists and Government Officials on all issues concerning bicycling and in supporting safe cycling in Arizona.

Often you see a stronger cyclist helping another cyclist up a hill, with a hand on the back. The Hand is a symbol for those who help other cyclists. Winston Benson was known for his caring, helping persona.

We are honored to continue this tradition of this symbol. Come ride with us, your friends and have an excellent day!

Course Description

Join the Coalition of Arizona Bicyclist (CAzB) and many east valley cyclist clubs and shops to enjoy a supported ride through some of the East Valley foothills. Starting from Iron Gear Sports, we'll travel south to Brown Road, then west to Country Club, to the Beeline Highway. Then on to the north and east. The route takes you past Fountain Hills, the Ft. McDowell Casino, then up a gentle 6 mile climb to Bush Highway. Turning right or south, the route then travels into the Tonto National Forest past Saguaro Lake to the Lower Salt River where we make way to the 4-way stop at the Salt River Recreation Center. Turning left, this is the beginning of a more challenging 3.5 mile climb up Usery Pass. From the summit, riders decent down to University Drive where a right turn begins the final leg of this metric century ride.

The 50k route (30 Mile) leaves from the same location but cuts out the tour of Fountain Hills. Traveling north on Gilbert Road, then south to McDowell Road and east back towards the start/stop location.
